Dear Brent,

This letter certifies that Keymark Fonda, New York and Lakeland, Florida have met the requirements as a member of the PPG Certified Applicator Program (CAP). Certified applicators are PPG's highest level of certification for coating application quality.

A thorough line evaluation and analysis of production pieces painted at your facility have met or exceed the requirements of the AAMA 2603, 2604, and 2605 specifications.

Highlights of the CAP program include priority service, bi-annual AAMA testing and extensive line audits from PPG service representatives. Please visit our CAP website at www.ppgmetalcoatings.com for a listing of your company information.

If you have any questions, please do not hesitate to contact me.

Sincerely,
